\$1,000,000 - \$1,100,000

Inspired design built in 1960, this unique clinker brick home is located in the family friendly Tintern precinct. A charming lead light frontage leads into an original open plan living area, including dining and kitchen with year-round natural light. Double doors open onto a breakfast deck. Three front bedrooms access a large, light filled bathroom with a European laundry. Two of these bedrooms have built-in robes. The Eastward facing block inspired the design of the mezzanine master bedroom with treehouse views, walk in robe and ensuite. A vast living zone beneath, cathedral ceilings and rooftop windows are features of this open space. Amenities include a two-car carport, modern skylights, open gas fire, split heating/cooling in 4 areas, central heating, gas hot water and recently installed solar power. Located within easy walking distance of Tintern College, East Ringwood train station and shops and within the Ringwood Secondary College zone. Eastwood Primary and Tinternvale Primary Schools are nearby. Only a few minutes commute to Aquinas College, Heathmont Station and shopping precinct, Eastlink, Eastland, Aquanation, Ringwood Lake, parks, trails and reserves.
