The comprehensive capability of this luxurious modern home to meet all the priorities and preferences that families have today is matched by the appeal of its position - beautifully quiet yet brilliantly convenient within walking distance of Mason Street's shops and Newport station. A flexible lounge featuring French doors and a decked retreat leads to the generous living/dining domain, its superlative open-plan kitchen and an alfresco pavilion that enjoys the paved courtyard's privacy. An upstairs level defined by desirable three bedroom, two bathroom accommodation includes a main suite with a welcoming balcony while a third bathroom serves in style downstairs. A fourth bedroom with its own ensuite above the double garage contributes ultimate adaptability as a work space, sanctuary or source of Airbnb income if so desired. Every creature comfort - enhanced by a clear sense of character - make this modern address irresistible!
