Wonderful Family Home Brimming with Potential

Brimming with personality, bursting with potential and boasting a picturesque position backing onto the Tarralla Creek Trail, this brick wonder on approximately 1,069 sqm is a rare find with remarkable possibilities.

Sited on a rectangular block, the property is ready for a family buyer or builder to explore its immense potential and capitalise on its idyllic position; which abuts the Tarralla Creek Trail and is moments from parks, public transport, premium schools and shops. Fronted by an abundance of off-street parking, the unique home has been adapted over time and possesses plenty of scope for further enhancement. It features a fully equipped kitchen, family/meals area, multiple living zones with plenty of natural light pouring in. The Master bedroom features an ensuite with walk in robe and the additional 3 spacious bedrooms are positioned comfortably by the central bathroom.

Wonderfully well-connected to amenities, it is a short stroll to bus stops, Gracedale Park and Tennis Club, Tarralla Kindergarten and Tinternvale Primary School. Only a few minutes' commute to Tintern Grammar, Ringwood East Shopping Village and Train Station, Eastland and the EastLink freeway.
