Looking for a cool family home in a great location? Look no further! This home has 2 levels, with beautiful timber floor upstairs and cool tiles throughout downstairs. The unique chef's kitchen features a dual oven, gas cook top and lovely timber cabinetry. The open plan living area is flooded in daylight and has louvred windows down low for extra airflow. Upstairs are 2 bedrooms and a spacious bathroom with a built in corner bath and a verandah overlooking the saltwater pool. With slate tiles and built in steps, this pool is the ideal place to sit and sip a cool drink during the hot days! Downstairs is a 2 bedroom granny flat with office, and a huge living area leading onto the pool area. There is split system airconditioning throughout for when the open louvres aren't enough. There is also a huge separate L-shape workshop at the rear of the property, great for the DIY enthusiast as there is also heaps of space to park boats, planes, caravans or any other toys on this block! It could also easily be converted into a small retreat for visitors with 2 extra bedrooms. The home is surrounded by private garden with mature fruit trees, with lots of lawn for kids or dogs to play on. What else could you want from a home? Contact Rick today!
