\$1,220,000

Spacious, stylish and totally attuned to the times, this substantial residence's appeal is clearly expressed by its dimensions and further emphasized by its details. The flexibility of four bedrooms and three bathrooms reflects the success with which the design delivers a family focus while the living areas combine precisely the right balance of refined elegance and relaxed ease. A living/dining domain featuring a beautifully appointed open-plan kitchen with a walk-in pantry reveals an alfresco terrace and rear courtyard garden. A double bedroom with a walk-in robe and ensuite adds to the downstairs allure - desirably complemented by the three upstairs bedrooms, featuring a fabulous master suite, the family bathroom and a versatile central retreat. Each bathroom is fully tiled, fitted with dual vanity and faultlessly finished. Timber floors, heating/cooling, a secure garage...the list continues and is complemented by convenient proximity to Altona Gate shopping, schools, The Circle and freeway access.
