Thoughtfully rejuvenated for contemporary family living, this flawlessly updated home is now a showcase of space, style and sophistication, where every detail has been thoughtfully considered and carefully selected to create a superb sanctuary for modern family living. An impressive array of waterfall edge stone benchtops over soft close, gloss finished cabinetry, a quality 900 mm cooker, integrated Asko dishwasher and an inset sink blend seamlessly in a stunning kitchen that combines with the family living-meals to create the hub of the house. Complemented by a tranquil lounge enhanced by soaring cathedral ceilings and anchored by a woodfire heater, it opens to a private outdoor entertainment area, creating free-flowing indoor-outdoor spaces that can be enjoyed all year round. The main suite brings together a spacious bedroom, a fitted dressing room that almost matches the bedroom's dimensions and a luxuriously large fully tiled ensuite that pampers with a double stone vanity and an oversized walk-in shower. The two remaining bedrooms, both boasting fitted robes, share a floor-to-ceiling tiled bathroom with a stone vanity, oversized shower and a deep freestanding bath. Large enough to cope with the family wash day, the laundry features stone tops and floor-to-ceiling wall-to-wall storage options. It leads a list of desired extras, including ducted heating, a split system unit, a double garage with a rear roller door, and extra gated parking for the trailer. Nestled on a generous 655m² allotment (approx.), it is matched by an enviable address. Just footsteps from the open spaces of Binnak Park, and it is within easy reach of the bus, Watsonia Village and station, public and private schools, and Greensborough Plaza. ***PHOTO ID REQUIRED AT OPEN FOR INSPECTIONS***
