\$650 per week

This home is situated one block back from the esplanade in the quiet suburb of Point Vernon; enjoy this tranquil, sea-side location with the convenience of being close to everything. As you enter the home, you are welcomed with one of the three living areas to the left & a glass atrium to the right which provides an abundance of natural light through the home. The property has been recently painted and the floors have been laid recently too to maintain the modern feel, whilst also capturing the original features, including brick walls & archway entries. To the rear of the property, you will find the second living space which flows through to the open plan dining and kitchen; ample storage and bench space, as well as modern appliances for cooking up all your favourite dishes. Double sliding doors take you to the large outdoor patio area where you can see glimpses of the Bay & enjoy the coastal breezes. The three bedrooms are positioned at the front of the home, all with built in wardrobes and ceiling fans. The master bedroom is a great size with aircon, ceiling fans, walk-in robe & ensuite. The main living area is also equipped with aircon & ceiling fans are positioned throughout. The main bathroom is in the heart of the home with separate toilet & laundry with internal access. To complete the home, there is a large double carport at the front & partial shed space to the back of the property for all your storage needs, as well as low maintenance gardens and yards. Contact the Team at Clever Property today for more information.
