\$900,000 - \$980,000

A tree lined street moments from Mott Reserve, schools and Plenty Road trams provides an ideal context for this tempting three bedroom home where the appeal of its mid-century mood is matched by the potential for renovating or re-building, STCA. While the possibilities present themselves, the character of the current day proportions is clearly conveyed by spaces that include a central living/dining room and a separate kitchen/meals area featuring a combination of retro cabinetry, modern elements and a stainless steel free-standing oven. A central bathroom and a separate/laundry second bathroom accompany the three double bedrooms of a residence that retains its hardwood floorboards beneath the high ceilings of its era. The allotment's rear garden depth, garage/shed and side drive car parking enhance the personality and the possibility that make this property such a rewarding opportunity!
