\$620,000

Balancing a fast-paced modern lifestyle with low maintenance ease, an unravelling of light-filled space across two impressive levels offers an ideal environment for young families, first-timers or downsizers. Revelling in a position where convenience meets the coast, an address in the heart of Seaford ensures every local amenity sits within arms' reach of home. Beautiful parquet floors introduce the immediate ground floor layout, merging both living and dining domains with a bright and practical kitchen design. Encased with windows to ensure an abundance of light, this entertainer's domain captures culinary ease with stainless steel appliances, dishwasher, natural stone benchtops and ample cabinetry for a kitchen of its size. Leaving the accommodation to the first floor, a small landing centres three light-filled bedrooms, master with split-system air conditioning, and a main family bathroom with separate powder room. Consisting of gas ducted heating, split-system air conditioning, intercom, private court-yard, garden to the rear, a generous frontage, aluminium window and door frames, and single garage with ample off-street parking, this sensational 'lock & leave' style of home presents the perfect accompaniment to a care-free coastal lifestyle. Contact Ray White Chelsea Director Shane O'Sughrue on 0401 119 911 for more information.
