From \$1,200,000

Just an East Vic Park character home, you say? Think again, my friend! This one's got some unexpected twists! With its combination of style and functionality, this two-story home which has been tightly held for over 30yrs is sure to impress. The five bedrooms, including a massive master bedroom with an ensuite, are just the beginning of the many features that make this house stand out. Enjoy the perfect blend of style and functionality in the open plan kitchen, showcasing a Miele dishwasher and a high-end Falcon 110 black oven, along with a wealth of cupboards and draws, and a bespoke timber top breakfast bar. Bifold doors allow for a seamless transition between the kitchen and dining area indoors and a covered outdoor space equipped with a plumbed-in gas bbq and ceiling fan. But wait, there's more! The below ground pool is not just any pool, it comes with a stunning water feature and newly installed glass fencing for a stylish touch. And that's not all, the huge workshop/mancave is perfect for any car enthusiast or handyman, complete with remote garage door access off Berwick street. The home has roller shutters for added security plus the property is fully reticulated and equipped with NBN FTN for all your internet needs. And let's not forget about the practicalities, with 2 toilets and a generous size laundry. And to top it all off, the property is powered by solar power for a sustainable living. Plus Additional off street paved parking for another 2-3 cars. Embrace the opportunity to make this long-loved home yours. Quit dilly-dallying, or you'll miss out on this home!
