**\$520,000**

Showcasing the very best of Far North Queensland's natural beauty with an exclusive, elevated house pad surrounded by rainforest in Jubilee Heights. Relaxing on the vast deck, while the vibrant butterflies and bird life, and wallabies meander through the thick rainforest in the background - this is living in FNQ! Positioned to capture the breeze, with screened windows, front and rear decks, this impressive home harnesses the elements to provide a bright and airy climate, to enjoy its natural surroundings to the fullest. The spacious master suite comes complete with rainforest views, a large closet, and an en-suite. Two further bedrooms and a family bathroom with a separate toilet with an internal laundry room. A spacious open-plan kitchen dining and lounge area opens up to the front and rear deck which overlooks the plunge pool and rainforest. A large, covered parking for several vehicles, boats or caravan conveniently positioned alongside the main residence, and a large store shed to the front of the property. The tranquillity that can be found here within the rainforest and the wildlife includes the flight path for the Ulysses butterflies, the beautiful 'Mamma Cassowary' and her families, the very quiet pale-faced wallabies, Double Eyed Fig Parrots, Rose Crowned Fruit Doves, Emerald Doves, Pied Imperial Pigeon, Blue-winged Kookaburras, Noisy Pittas, Helmeted Friarbird, Macleay's Honeyeater, a delightful Sunbird couple (Sunshine and Sunnyboy), cheeky Black butcherbirds, Spotted Catbirds, Chestnut-breasted Mannikin and then, of course, the beautiful White Lipped Green frogs and just so many more delightful creatures. The property includes walking tracks through the rainforest down to your own private year round creek. To book your private inspection contact Kate Fern today on 0477701502.
