Redbank has seen a lot of buyer activity in the last months and this cleared block would suit as a new building site (Zoned Rural Living) STCA. Located off the Sunraysia Highway in the main street of this quiet little town (next to the Redbank Hall) but once a hub for gold miners, there are rural views and surrounds. Redbank is located approx 22km from Avoca and approx 11km from Moonambel directly north is St Arnaud and to the east of the Sunraysia, via the Natte Yallock road, there is a continuance to Maryborough. Redbank and Moonambel are home to outstanding wineries such as Sally's Paddock, Taltarni and Summerfield. Please contact Agent for inspection details
