Impressive proportions, clean contemporary lines and a chic Scandi-inspired aesthetic all combine to deliver an exceptional city-fringe home that is big on living and entertaining. Tastefully renovated and appointed while retaining timeless period appeal, this incredible terrace offers an exceptional layout featuring multiple living and dining areas enhanced by polished timber floorboards, high ceilings and an extensive amount of storage. An inviting lounge/dining space is warmed in winter by a gas fireplace, while the rear living area spills out to an oversized backyard with plenty of space to entertain. At the heart of the home is a gourmet stone kitchen equipped with European gas appliances and an integrated Bosch fridge and freezer, while upper-level accommodation comprises the four large bedrooms. All the bedrooms are appointed with built-in wardrobes and the main bedroom features French doors opening to an iron-lace balcony overlooking the leafy streetscape. There are two stylishly appointed bathrooms plus an internal laundry with a third w/c, while further highlights include ducted air conditioning, underhouse storage and rear gate pedestrian access.
