A grandly scaled, double story, family residence, brilliantly crafted to reveal a sweeping hilltop panorama that spans from Box Hill Central all the way to the towers of the CBD, this four bedroom plus office home is certain to impress. The home is wonderfully light-filled and attractively presented with a relaxing alfresco flow, all in a sought-after position just moments from Westfield Doncaster. Open and airy while framing garden vistas in all directions, the home opens to allow you to discover a large lounge / dining and a generous office / study. With effortless grace, it flows to an open-plan kitchen / meals where seamless connection to an undercover deck is certain to delight home entertainers. Privately positioned upstairs, well removed from living areas, the bedrooms have each been appointed with built-in or walk-in robe storage - the main bedroom also with a fully tiled and stone-topped ensuite - all adjacent to a family bathroom and an upstairs living / teen retreat. Further highlights include a double lock-up garage, additional driveway parking, plenty of wonderful storage options, a laundry, downstairs powder room, central heating and air conditioning. Zoned for both Biraleee Primary School and Koonung Secondary College, the home is just a couple of minutes from all the shopping, cinemas, dining and buses of Westfield Doncaster, plus you have easy access to the Eastern Freeway, its Park & Ride service and to Box Hill Central.
