THE DEAL: Private Negotiation

THE DEAL Indulge in the ultimate Bayside lifestyle of sophistication and class. Captivating with its inspired design, creative ingenuity and luxe natural finishes, this stunning 2-bedroom, 2.5-bathroom apartment by renowned Chris Connell Design embodies a haven of timeless brilliance in the heart of Church Street's vibrant cafe, dining and shopping precinct. With a luxurious atmosphere and modern minimalism, the home is an architectural masterpiece, using a curation of robust natural materials to bring life to space, enriched by abundant light and harmonious indoor-outdoor beauty inspired by Mies van der Rohe's 'Pavilion' and Neuberger's 'Getty Villa'. From the hand-laid cobblestone drive to the commissioned artworks from Dion Horstmans and the rosemary-bordered Italian stone entry colonnade, this state-of-the-art boutique group is a first-class experience. Swathed in slabs of silver travertine and adorned with sculptural bronze detail, the apartment's indoor-outdoor connection is entirely seamless, extending through the open-plan living/dining via sliding glass walls to a private alfresco setting. Equipped for full-scale entertaining, the fully-equipped BBQ kitchen supplements the gourmet experience created by the stone-laden interior kitchen, hosting a full suite of Miele appliances, including an integrated fridge/freezer, dishwasher, and twin wall ovens. Travertine detailing continues through each of the ensuites, accompanying each of the generously robed and zoned bedrooms, whilst comprehensive additions include underfloor heating, powder room, remote blinds, secure video entry, a gas fireplace, and zoned reverse-cycle heating and cooling. SEALS THE DEAL Extraordinary design and lifestyle focus promise a truly outstanding position in Bayside's most fashionable retail and dining destinations, with secure basement parking for three vehicles providing bonus of lock-and-leave appeal.
