Discover your ideal living space, meticulously crafted for comfort, nestled in the heart of Albion! Conveniently located at 6/15 Burnewang Street, just a short stroll from the vibrant Albion train station, shops, and freeway access, everything you need is at your fingertips. Urban convenience is assured with an abundance of local eateries, cafes, and retail options nearby, as well as seamless access to public transportation. Located approximately 1 km from Sunshine Market Place, you'll also have easy access to all the amenities this vibrant suburb offers. From its diverse culinary scene to its bustling shopping precincts and recreational facilities, Sunshine provides a dynamic urban experience. Our recently completed studios are architecturally designed, emphasizing both comfort and functionality. This dynamic property presents the best modern living and offers a harmonious fusion of location and affordability. Explore Studio 6, available for just \$310 per week. This studio features an open-plan design with a convenient ensuite and kitchenette tailored for comfortable living. Enjoy year-round comfort with a split system for climate control, and appreciate the convenience of mirrored built-in robes for ample storage. Both options are available, whether you prefer cooking in your own space or utilizing the communal kitchen facilities. Forget about laundry day hassles—our laundry facilities are available on-site. Additionally, with electricity and water covered in the rent, managing expenses is effortless. Complimentary high-speed internet is provided, ensuring you stay connected. A reserved parking spot is available for an additional \$10 per week. Included Amenities: Smart TVs Full-size fridge and freezer Microwave Kettle and Toaster Just bring your wardrobe essentials! NO PETS ALLOWED Attention Prospective Tenants! To express interest in this property, click the "Email Agent" button and submit your details. Once an open time is scheduled, you'll receive a notification providing further information on the inspection and any real-time updates.
