\$460,000 - \$500,000

With Alma Park and city transport on your doorstep, this two bedroom apartment's bright elevated spaces are perfectly in sync with first home or investment priorities. But the location is just a bonus to what this secure apartment offers and the potential it holds. The impressively proportioned spaces bask in natural light and leafy views and host a spacious west-facing living and dining zone with a balcony set amongst the treetops for indoor-outdoor enjoyment, while the functional and good size kitchen features a freestanding gas stove and plenty of cupboard space. The two double bedrooms each with built-in robes are served by a large bathroom with a separate bath and shower and separate toilet. Whilst it could be customised with a modern makeover, the apartment is certainly ready to live in right now. A security entrance, split system heating and air conditioning and a car space further lays the foundations for success in this fabulous lifestyle setting and all within a stroll of Carlisle Street, public transport, Windsor's bars, cafes and train station, Chapel Street, The Astor Theatre and Balaclavas cosmopolitan cafes and shops.
