Entered from Silver Street, enhanced by a building of distinctive designer style, this bright dual level townhouse puts you only moments from Malvern Road cafes, Tooronga station, Tooronga village shopping and freeway access. The convenience of the location complements the character of spaces that commence with inviting downstairs for living and dining accompanied by a separate kitchen where the colour scheme, the cabinetry and the quality are striking. Above, two double bedrooms, the master with a stunning north-facing arched window, both with built-in robes and share a stylishly appointed, impeccably presented bathroom. Uniquely attractive. With its own off-street car space. Outstanding.
