Live your best life with carefree spaces, all day sun, and all you need at the door. Shining bright in the prime rear position of this cutting-edge townhouse development, this three bedroom, three bathroom, virtual triple-suite home puts the focus on all day sun with living and ground-floor bedroom opening northwards through tall glass sliders to a sun-soaked carefree courtyard, and large first-floor bedrooms glowing with the same northern light. Designed to accommodate every style of lifestyle with a fully-tiled, marble-detailed bathroom for each bedroom (one a private ensuite), this well-designed residence is appointed to the highest standard with an abundance of storage including built-in and walk-in robes plus understair area, luxe window-furnishings including airy linen sheers backed by block-outs for every main window, and designer finishes including cool stone benchtops and warm wideboard Oak floors. So easy to entertain and enjoy with a state-of-the-art ILVE appliance kitchen (optioned up with an integrated French-door fridge) and a well-fitted European laundry (styled with stone topped custom cabinetry), this individually climate-controlled home is secured by video-intercom and the easiest-access auto-garage of the group - set directly at the end of the long drive. Step into clever accommodation, step out to the sun, find cutting-edge design on the edge of it all; steps to the cafes, restaurants and shopping of the Centre Rd shopping strip, with bus-routes in all directions, GESAC and parklands within a kick, and Chadstone and Southland within equally easy reach.
