\$590,000 - \$640,000

Take your first home or investment dollar to the next level with two bedrooms, two bathrooms and two levels of lock-and-leave living. Representing exceptional two-storey townhouse value at an invaluable beachside-of-the-Highway address, this cleverly designed home is equally appealing to privacy-loving families and share-housing tenants alike. Cleverly designed with a bedroom and a bathroom on each level, plus outdoor areas upstairs and down (in a master suite courtyard and sun-filled balcony), this light-filled home catches all day sun where it's wanted most in a north-facing living-dining zone. Appointed in big, bright style with a streamlined stone benchtop and prestige appliance kitchen (with gas cooktop and dishwasher), this tall townhouse has a walk-in robe for each bedroom, fan-cooling throughout and reverse-cycle air conditioning upstairs and down. With a secure auto-garage under the roofline and the tall trees of these well-groomed shared gardens all around, this next-level townhouse has a high-level lifestyle location too. Beachside of the Highway within 500m of Southland and its station, there's Cheltenham's rejuvenated retail and rail precinct within equally easy reach, the Sandbelt golf courses within a minute and the beaches just a little further on.
