This freestanding townhouse redefines the essence of urban tranquillity and modern convenience. Nestled within the peaceful, leafy enclave of 'Red Hill Village,' this home offers a retreat from bustling city life, yet is merely kilometres away from Brisbane's CBD. Featuring a spacious 182m² floor plan and spread over two meticulously designed levels, townhouse 6 is a testament to contemporary living with its open-plan layout that seamlessly integrates indoor and outdoor spaces. The well-equipped kitchen opens onto formal dining and alfresco areas, perfect for entertaining or quiet dinners. The living areas extend to covered balconies, inviting natural light and breezes into the home and offering an idyllic setting. The master bedroom offers a walk-in robe and ensuite. Additional bedrooms are thoughtfully positioned downstairs, with built-in robes, fans, and access to the main bathroom, ensuring comfort and privacy for all occupants. Additionally, the property boasts accommodation for two cars, so seldom found this close to the city. A unique feature of this home is the low-maintenance appeal, part of a community of just 10 residences where the building exteriors and common outdoor areas are maintained by the Body Corporate, allowing residents to simply relax and enjoy their exquisite surroundings. Situated in an indispensable location, residents will benefit from a footpath providing quick access to Arthur Terrace, a bus stop, and local coffee.
