\$480,000-\$515,000

Add a tenant, add an extra touch, add this big apartment to your portfolio, or start in boutique style. First-floor in a small-scale mid-century group, this two bedroom apartment has the big, small group benefits you need start-out or invest-in! Already renovated with a stylish kitchen featuring touch-open cabinetry and a full fit-out of quality Westinghouse appliances (including a gas-cooktop and dishwasher), this substantial apartment shines with premium textured carpets, fresh new paintwork ...and the opportunity to capitalise on the great space of the pristine vintage bathroom with a designer makeover. Oriented to enjoy all-day light with north-facing living opening to a sun-catching balcony, there's all you need to rent or enjoy including reverse-cycle air-conditioning plus gas heating, good storage including built-in robes and hallway closets, laundry facilities, and an allocated carspace at the bottom of the stairs. Best of all, there's this invaluable off-Centre address, just 200m to Centre Rd's vibrant shopping, a few blocks to Patterson's friendly village, and a quick walk to a choice of station - with Monash University just a few stops down the line, and the CBD within a 34 minute commute.
