Solid Investment

This low maintenance, brick villa is a great investment and would be a great addition to anyone's portfolio. Comprising two good sized bedrooms, built in robes to the master, a central bathroom with bath, separate shower, single vanity and separate toilet.

A spacious open plan lounge, dining and kitchen complement the villa, with gas heating, Split System and gas cooking. Further features include single garage and court yard. Location really holds the key and this is certainly a great location, close to schools, shops and the bay.

Currently tenanted on a month to month basis, so ideal if you would like a low maintenance holiday getaway or first home buyers will be loving the price.
