Forthcoming Auction

This townhouse appears to offer a blend of comfort, functionality, and modern amenities, making it an attractive option for those seeking a convenient and well-equipped living space. Timber flooring throughout the house, separate living, and dining area. A spacious kitchen with Midea appliances, which includes a 900mm gas cooktop, range hood, and dishwasher. A butler's pantry and the comfort of zone heating and cooling—it's like a perfect blend of luxury and practicality. A powder room and a full ensuite master bedroom with WIR downstairs. Walking upstairs there is another full ensuite master bedroom with WIR. Two other bedrooms with BIR, and a share bathroom and toilet. The convenience of a double garage, the water tank and garden shed are thoughtful additions for sustainability and storage. The easy maintenance outdoor entertainment area contributes to the overall appeal. Let's not forget the prime location, adding that extra layer of appeal. It truly seems like a fantastic place to call home!
