This Very Tidy and Renovated 3 bedroom home is up for sale! Located close enough to walk to the main CBD, yet tucked away in a quieter side street. The property boasts a large open living space, with slow combustion heating, plus reverse cycle, modern kitchen, and a generous sized dining area featuring large windows that let the natural light in. Hard flooring throughout the main living areas. The 3, good sized bedrooms are all carpeted for that extra coziness and all have large built in wardrobes. The renovated bathroom has a shower over bath, with a second toilet located off the laundry. Good sized and well maintained front and rear yards—perfect canvas for those green thumbs. The garage is large enough for a car plus room for your work bench or storage area. All of the hard work has been done here and it's just waiting for your personal touches.
