\$1,150,000

Poised in a platinum position a stroll to buzzing High Street, this two bedroom plus study Victorian unites period grace with natural flow and a northerly rear courtyard. With high ceilings, rosettes, a corbelled archway and Baltic pine floors, the single storey terrace invites you to find the lifestyle you've long been looking for, on the verge of vibrant Northcote. Beyond two bedrooms with built-in robes, a bright living room flows into a kitchen/meals with timber countertops and stainless steel cooking appliances. The study is ready to make working from home a tempting option and is light and bright. A leaf-draped pergola is great for entertaining, and a rear right of way suggests potential future off street parking. Additionally offering a bathroom, with shower over bath, separate toilet and handy attic storage, this is a beautifully placed base close to transport, parks and Wales Street Primary, desirably zoned to Northcote High.
