\$2,060,000

This Federation home has been cleverly extended and in its current "neat but dated" state, it is the perfect blank slate for the next family to really add their personal touches. There's so much on offer here, this home is just waiting to shine. Set in a beautiful wide, tree-lined street, it comes with valuable rear lane pedestrian access with potential to add parking STCA. The home is just 5 minutes' walk to Stanmore Train Station, Schools, parks & the village hub. • Large semi-detached two level home • High ornate ceilings & period charm • Full bathroom on each level • Rare chance to cosmetically add value • Rear pedestrian access, rear shed • Add parking STCA at the rear lane • Walk to Stanmore train station, CBD buses
