A fully renovated 3x1 home in a quiet cul-de-sac on a solid 716m² block sounds quite appealing right from the start. But the really amazing part is off the back of the home where there is a fully independent granny flat, with a 1 bedroom, 1 bathroom with its own kitchen and living space, even its own patio area! The ultimate set-up for the extended family! Everything is basically upgraded or near new as you can see by the photos and is finished to a high standard! Heating and cooling options are covered, there is solar panels on the roof, raised garden beds, even a fully enclosed garage to maximise your storage options. If it's room you need and the work having been done, then this property is really one of a kind and ticks every box!
