Glistening Bay Views

SOLD by Steve Granger 0488 333 117

Tucked under the canopy of mature gums on the fringe of Arthur's Seat, this well-built original presents a timeless appeal with family proportions. Boasting a gentle set-back and secure frontage, ample off-street parking together with nurtured open space will ensure interest from those seeking holiday living or a permanent lifestyle.

Well-loved family dimensions and a faultless retro flair introduce architectural ceilings and impressive bay aspects, as an entertaining-focused floorplan presents across entry level. Creating consistency beyond distinct living and dining zones, stunning sunsets back-drop meandering entertaining space, zoned by an updated kitchen well-equipped with stone benchtops, electric cooktop and Westinghouse wall oven.

Soaking up the coastal atmosphere, dual sliders lead to an expansive covered deck, where views of the bay span beyond the rear yard, creating a perfect oasis for summertime entertaining. Mirroring the upstairs deck, a covered patio sits beneath, inviting a spot to sit whilst the kids explore the rear yard.

A master bedroom introduces the entry-level accommodation with an ensuite and robes, whilst two lower-level bedrooms combine with a family bathroom and rumpus to offer the perfect retreat for children. An easily converted secondary living room adjacent to the master bedroom invites potential for a fourth bedroom if required, whilst a secondary family bathroom and laundry ensures function.

Additional lower-level storage space, gas ducted heating, and a double car garage enhance the features of this solid home, found only moments from Heronswood House and Garden, Dromana Village and Foreshore, and Arthur's Seat.
