\$1,140,000 - \$1,190,000

In an exclusive pocket of Dingley Village, this impeccable and beautifully maintained home will have you at 'hello'. Cleverly zoned for family harmony and featuring three distinct living areas, it is an offering that is ready to be enjoyed and one that caters to all phases of family living. Set amongst manicured and established gardens, the accommodation has been freshly painted in a soft neutral palette throughout, equipped with pristine rollerblinds, new modern floorboards and carpets. Included you will find a formal lounge & dining room (cosy wood burner fireplace), a relaxed family/casual meals area and contemporary kitchen. To the rear of the home, a retreat/lounge is embraced by three of the four bedrooms, creating a separate wing that younger family members will be more than happy to call their own. Copious amounts of storage can be found throughout the property, including in the peacefully positioned master which also boasts a luxe spa ensuite; a bright main bathroom and full laundry complete the interiors. Outside, discover an entertainer's paradise thanks to an expansive undercover patio with cafe blinds - wrapping up an impressive family package are ducted heating, evaporative cooling, security alarm and oversized 2.5 car garage. Primed for instant enjoyment, there are also options to modernise further if desired. This prized highly sought-after estate is close to everything Dingley has to offer, as well as freeways, major shopping destinations and beautiful parklands.
