Rumoured to be one of the first residences on the street, this gorgeous century old semi-detached brick period home exudes timeless beauty that has been thoughtfully updated to meet a modern family lifestyle. Refined charm, soaring high ceilings and a combination of Baltic Pine and parquetry flooring characterise a traditional layout, comprising of a charming light-filled living room (OFP), contemporary kitchen with stainless steel appliances and adjoining dining area. 2 generous bedrooms each with a beautiful OFP's and BIR's, enhanced by a unique rustic-style bathroom, hydronic heating/ refrigerated air conditioning, sunroom/study area and spacious rear garden with a sunny entertaining deck. Boasting the convenience of rear laneway access and positioned in arguably one of Oakleigh's finest streets, a leisurely stroll to the shopping and culinary delights of Eaton Mall, zone 1 train station, Chadstone and local schools. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
