Set in quiet cul-de-sac and perched on a lovely low maintenance allotment is this charming light filled home. Featuring 3 bedrooms, 1 bathroom plus spa, laundry, gas heating and reverse cycle split system, spacious double lock up garage and a separate carport that accommodates a caravan plus car. A 7500 litre rainwater tank services the garden reticulation system with mains available. The house constructed from handmade Hawthorn bricks has a very comfortable and calming influence with high vaulted timber ceilings, floorboards, extensive glazing allowing natural light to filter through and a lovely north facing deck off the living to enjoy the tree top outlook. A very private and serene setting with an enviable position only a short stroll from the water's edge, St Pauls Road general store and easy access to Sorrento.
