The close proximity of Ballina Central, Ballina Fair, cafes, cinema and supermarkets make this a fabulous home for the busy family. Set in a quiet avenue, this home is sure to please with its spacious living areas, big kitchen and 3 well appointed bedrooms. The kitchen & dining areas are light filled and offer lots of storage and bench space which will delight the home chef. The carpeted bedrooms all boast built in wardrobes and are airy and light. A real bonus to this property is the separate studio in the rear garden. Fully lined it could make a perfect office or teenage retreat and with a bit of DIY could be expanded into two rooms quite easily. A long covered carport behind a roller door is great for keeping your car off the street and allows for internal access to the house as well. • Fully fenced rear garden for kids and pets • Separate studio for multitude of uses • Very neat and tidy presentation • Great location to access Ballina Shopping Fair and Ballina Central Call Troy or Jack to arrange your inspection.
