One parcel left for sale, on the edge of Pilliga, just a short walk to the famous Pilliga hot baths. This area is very popular with tourists who come for the hot baths, explore the Pilliga forest, fish, and birdwatching. The mineral pool has continuously flowing hot water from the Great Artesian Basin maintaining the pool at hydrotherapy temperature. It is the best bore bath around and is great therapy for arthritis and chronic pain. Pilliga is located on the edge of the outback, so it has a peaceful, deep stillness, yet it is not far from the larger towns, of Wee Waa (60km), Narrabri (110km), and 70 km south are the Warrumbungle Ranges. The night skies in Pilliga are a wonder to behold. There is no building entitlement on this block, so you will have to get creative and think of the best ways you can utilise this land.
