Built between 1910-1920 this 961 square meter block provides a century of Wowan's history in your future home. Whether you are an investor or searching for your perfect home 6 Don Street has so many opportunities. You have the ability to do your house the way you want to. Reimagine this space not as a church but as the heavenly home you deserve. It might not look like much now but with some imagination and a touch of carpentry this could be the home of your dreams. The blocks size allows for further development and expansion, not to mention there is power already connected to the property. Wowan's post office is just a stone's throw away and is conveniently located close to Wowan's corner store. Not to mention only a 20min drive from Mount Morgan. Don't wait any longer to create your dream home from this blank canvas. As per council approval. The description of the property has been used for advertising purposes.
