Opportunity to build your dream home is here. It is not often we see large blocks situated so close to town come to market and even more seldom are those that are also blessed with panoramic views. This incredible 1,187m² (approx.) building site is one of a kind and offers arguably the best views over Geelong. Given the high elevation, being situated almost at the peak of the hill, views are possible from every angle particularly if you build a double story, including panoramic Bay Views all the way around to the You Yangs and Barrabool Hills. This is simply an ideal site to realise the vision of your dream family home. Surrounded by new, premium homes and the ability to capture such magnificent views, you know your building investment is in the right location. Adding to this, the site is just a short drive to the café and shopping precinct of Highton Village including its array of amenities and local schools, so the location is simply ideal. Big enough for a large home, with plenty of space for a pool, shed and room for a boat or caravan, all just minutes from town. With so much space you will be able to live like you are in the country, yet still be so close to town. This is the ultimate lifestyle. - 1,187m² (approx.) - Titled and ready to build on today - Just a couple of minutes to Highton Village - Close to Barrabool Hills Plaza - Just minutes from Pakington Street café/boutique shopping - Close to Geelong CBD and public transport - Close to all of Geelong's renowned private Colleges - Just moments from Highton Primary and Montpellier Primary Schools - Easy access to the Ring Road for the commuter
