\$1,400,000

Discover the epitome of serene living with this extraordinary property nestled on 4.86 acres (approx.) of private paradise, set on the outskirts of Macedon, this is a sanctuary less than an hour from the city. This spacious “Jeske-built” residence boasts three bedrooms and a bathroom at one end of the dwelling and two bedrooms and a bathroom at the other, with the central master bedroom including an ensuite. The spacious living area provides ample room for comfort and relaxation, embracing a wood fire to get cosy on wintry days. The naturally lit kitchen allows a picturesque view of the established garden and features modern cookers with 2 ovens, an island bench, and meals area. The residence has the luxury of staying warm in winter and cool in summer thanks to fully ducted evaporative cooling and reverse cycle split system, which remains economical due to the energy efficient double-glazed windows and running costs are offset by the solar panels. There is a two-car carport and both the large shed and outdoor bungalow both equipped with reverse cycle cooling. Embrace an active lifestyle with your very own earthen tennis court, perfect for friendly matches or a leisurely game. Adopt sustainable living by taking advantage of fresh eggs from the chook pen, wholesome fruit & veggies from the vegetable garden and grove of plums, cherries, pears, and apples. Fill both the fenced-off one-acre paddocks with your favourite farm animals or stock the dam with some fish. Additionally, two water tanks of 10,000L ensure a reliable and environmentally conscious water supply whilst the property is also connected to town water and electricity. Don't miss this opportunity to own a property that seamlessly blends comfort, privacy, and sustainability. If a country lifestyle is on the cards, immerse yourself in the beauty of the outdoors of this unique and well-appointed residence that could just be the place for you.
