Wendy Thornberry

\$350,000

This freshly renovated beauty brings everything to the table. Elevated and perched nice and high on a flood free allotment, the large 950m2 fully fenced block leaves nothing to be desired. The home features an expansive open plan living/dining and kitchen and style it to your taste with it's neutral colour scheme. You can really stretch out in the main living area, there is so much space to work with, and there is even a separate study nook/ rumpus room in eyeshot of the kitchen. The home features 4 large bedrooms all equipped with fans, and the master suite has a walk in robe with a bright and airy ensuite. The main bathroom is stunning! Featuring a beautiful wooden designer vanity with a double basin, separate shower and bath, and the size will not disappoint. There is a 2 car-space lean to with access to the house, and the leafy surrounds provide an excellent atmosphere for afternoons out on the deck. The property is vacant and waiting for someone to love it. Contact Wendy Thornberry to book your private inspection today.
