Befitting a highly-sought family-focussed location where a short walk journeys to the shore of Oliver's Hill Beach, this recently completed Californian Bungalow delivers breathtaking interior dimensions and detailed craftsmanship, beautifully-appointed to offer contemporary living for families both small and large. Crowned with 5m soaring ceilings, a spotlight on large-scale proportions and natural light allows a seamless transition from grand period influence to contemporary design as the home opens to the rear with sensational entertaining space. Boasting hand-made windows and bespoke finishes, the versatile rear living and dining zone comes to life with a leading-edge Westinghouse-appointed kitchen with stone finishes and walk-in pantry, a wood fire heater and custom bi-fold doors leading to a private alfresco with a back-drop of landscaped gardens. Inviting a more intimate setting for the cooler months, a front formal lounge enjoys the all-day warmth of a northerly sun with a window seat the perfect spot to curl up with a good book. Sharing in light-letting proportions, the three bedroom 2-bathroom accommodation includes a private master suite with walk-in robe and stylish ensuite, two secondary bedrooms, a central bathroom, and a guest powder room. Expertly curated with extra-wide engineered oak floors, 3m ceiling heights, reclaimed messmate timber feature benchtops, Daikin ducted heating and cooling, decorative cornice and architrave, solar system, 4 camera home security system, intercom, electric car charging capability and asphalt driveway with double garage, this all-electric family home has been designed with detail to impress those who demand excellence. Picture-perfect from the street with a white picket fence, a position only moments walk to Frankston Beach and Boardwalk, Montague Park and Bayside Shopping Centre only enhances appeal.
