Auction Saturday 9th December at 1:30pm

With its impressive combination of living, entertaining and accommodation options stretching across a spacious single level, this perfectly presented home delivers a private oasis for lifestyle lovers and entertainers alike. Showcasing quality appliances (integrated microwave, dual drawer dishwasher and an Ilve 900 mm range), ample storage space and sleek stone surfaces, the chef's kitchen anchors a vast open plan living area. Finished with porcelain floor tiles, it merges seamlessly with the spacious and versatile rumpus room and extends out to the fun-focused rear yard. Complete with an alfresco area under the roofline, a Balinese-inspired thatch-roofed gazebo, loads of lawn and a cubby with playground equipment, there's something out here for every family member! The main bedroom pampers with a fitted walk-in robe and a stone finished dual basin ensuite, while a stone detailed bathroom with a deep soaker tub serves the remaining three bedrooms. Anchored by a gas log fire, the lounge offers further options for relaxed entertaining, while a dedicated office ensures you can work from home without losing a bedroom. Designed and constructed by award-winning Henley Homes, extras include NBN connection, ducted heating, cooling and vacuum, all the benefits of solar power, quality fixtures and fittings and a remote double garage with rear roller door, ideal for trailer storage. An easy walk to shops, parks, eateries, cafes, convenience store, along with ready access to public and private schools and early learning centres; and with Laurimar Village and the station just minutes away, a serene lifestyle in a looked for location awaits!
