Kay McKee

Guide \$1,650,000 - \$1,750,000

In arguably one of the best locations, this home is a level walk to the patrolled end of Blacksmiths Beach. Enjoy the beachside lifestyle with cooling north easterly breezes, the smell of the sea and the sound of the surf, all from your classic beachside bungalow. Boasting an entertainers' kitchen & low maintenance interiors, the home has many options for accommodating one or two families! With a king-sized master suite upstairs or potentially a granny flat, there may be a possibility of extra income here as well. The home features a pool, spa, a sensational entertaining courtyard, and minimal mowing required. Privacy is assured with this corner site. Great storage, high ceilings, louvre windows, plantation shutters and split system air conditioning all add to the list of features. This could be the holiday home of your dreams or a permanent lifestyle decision, either way you win!
