**Parkings: 6**

**Area: 1057 m2**

**Type: House**

John Elliman

**\$665,000**

This is one of the best properties our office has seen for many a long day. It is exceptional in every way with meticulous renovations that are sure to impress. A formal entry leads to a relaxing lounge room with the updated kitchen and dining area close by. This "open plan" area is perfect for entertaining with a minimum of fuss. There are 4 bedrooms with 3 of them adjacent to the separate family room that allows the children to be entertained away from the formal living space. The master bedroom is impressive with an eye-catching ensuite and walk in robe. Both the family bathroom and laundry have been fully renovated and storage areas are excellent. The highlights are extensive! \*recently installed tinted aluminium windows \*ceiling fans \*gas ducted central heating \*split system air conditioning \* privacy blinds throughout \*high quality fixtures and soft furnishings \*custom built wardrobes \*1057m2 private block \*outstanding outdoor entertainment area complete with television and barbeque and then there is the workshop measuring a huge 17 metres x 9 metres fully powered with concrete floor and 3.6 metre clearance. We highly recommend you inspect this property that will satisfy every desire that a family requires!
