An evocative former milk bar on the corner of Percy Street, this stunning solid brick Victorian residence's exceptionally generous and flexible dimensions deliver every modern family requirement from relaxed living to indoor-outdoor entertaining and working from home. Sydney Blue Gum floors flow through the expansive sitting room with a gas fire and plantation shutters, an inviting home office with open fire and a generous retreat/media room advantaged by separate street entry. Streaming with northern light, the impressively spacious dining room served by a separate kitchen opens to the peaceful and private northwest garden with a large pergola covered entertaining terrace and undercover BBQ area. A gorgeous bedroom with fireplace, a second double bedroom with built in/walk in robes and a designer bathroom with bath and sauna are downstairs. The two upstairs robed bedrooms with a stylish bathroom open to a large, decked balcony commanding city views. In a coveted location close to Glenferrie Road shops, cafes, trams and cinemas, Glenferrie and Auburn stations, a range of excellent schools and Central Gardens, it also includes an alarm, ducted heating, RC/air-conditioning, powder-room, laundry, irrigation, sunblinds, roof storage and double garage accessed from Percy Street.
