6 Halberstater Close has been built to accommodate every member of a large family and is located close to facilities like the showgrounds, popular walking paths and local sporting clubs and fields. Let's start with the home itself; each of the 5 generously sized bedrooms are carpeted and have built-in robes. The master bedroom has an ensuite and walk-in robe. The family bathroom has a shower, tub, and separate toilet. The attractive kitchen boasts a long bench divider which doubles as a breakfast bar and has ample cupboards for storage. Offering open plan living, the kitchen overlooks the dining space, which could also be a casual TV area plus there is a media room, separately located at the front of the home. The home is fully security screened and there is ducted air conditioning throughout with climate control for each room. The covered entertainment area to the side of the house overlooks the spacious yard. The back yard contains a garden shed and is fully fenced with colorbond. If this sounds like your perfect haven, don't hesitate to call Ross or Amanda at First National Real Estate for your personal inspection of this beautiful home.
