Looking for a home on a substantial block with a 5-star location? This spacious 70s-style residence is truly one-of-a-kind. Built to highest standard, it offers unusually generous accommodation, elevated and bright outlooks, and an uncompromising quality evident throughout its structure and fittings, crafted to stand the test of time. Renovate and transform the home into a modern masterpiece, or redevelop (STCA) - with its generous block size, the property may accommodate multiple units. Constructed with large families and entertaining in mind, the home comprises multiple spacious living and entertaining zones, a handsome fully fitted home office/bedroom, three additional well-sized bedrooms (master with large walk-through-robe and dual access ensuite) and a sizable backyard with pergola. There are two kitchens, including one occupying a studio on the ground floor. With a full ensuite and private access, this room may be used as separate accommodation. Oversized windows, high ceilings, stunning parquet floors, quality timber joinery and beautiful garden outlooks characterise the home. Additional features include an oversized laundry room, abundant storage and a double garage. Set in an elite court, the home is convenient to Eastern Freeway, Westfield Shoppingtown, and a selection of parkland, with zoning for Birralee Primary School and Koonung Secondary College.
