Gorgeously presented with a stylish and contemporary interior, this four bedroom home flaunts big spaces, great entertaining credentials and an external home office/study. Perfectly proportioned, a relaxing living room leads to a huge dining room where meals are the main event. A breakfast bar signals the transition to an expansive kitchen, flaunting a double oven, five burner gas cooktop and dishwasher. Entertain undercover or step down to an even larger area below, flowing to a landscaped rear garden with a bright northerly aspect. Comfortable bedrooms provide built-in robes and the central bathroom is a chic vision. A powder room, elegant floorboards, heating, cooling, driveway, carport and garage round out an exciting offering near schools, transport, parkland, Campbellfield Plaza and Ring Road access
