Family living is beautifully perfected in this 4-bedroom, 3-lounge home, offering a space of family sophistication in the desired Brompton Estate. Refined and spacious interiors with a magnificent separation of space make everyday life a breeze, with a covered terrace perfect for casual entertaining. A brick and render facade precedes a formal lounge and an open family and dining area, where a stone kitchen enhances the cooking experience with quality appliances and a walk-in pantry. Alfresco life is effortless on the covered terrace, spreading out to a sizeable yard perfect for the kids to play. A third lounge sits between three robed bedrooms (two with walk-in robes) and a family bathroom, separately zoned from the main bedroom with a full-sized ensuite and walk-in robe. A Brompton lifestyle sits a short walk from Little Wolf cafe, Encore Playground and the upcoming town centre, a short distance from Cranbourne West and Langwarrin amenities. Additional features include ducted heating, split-system air conditioning, privacy blinds, and a double garage.
