\$1,450,000

On a flood free, 2.5 acres in the heart of this popular rural area is a fantastic R2 Low Density Residential zoned property which offers great future potential. The 40 acre Woodbury Reserve approved for development boarding is rear of this property and the 400 acre Jacaranda Ponds development is just down the road. This ideal investment would suit 2 families or the astute investor with its 2 homes. Home 1: 4 bedrooms, 2 bathrooms, formal lounge, and formal dining Home 2: 2 bedrooms, bathroom, kitchen, and large lounge room The property has an in-ground pool, town water, and a mixture of lightly timbered areas and level arable paddocks. Glossodia has a great local school, shopping centre, and is an easy commute from the historic township of Windsor. This is a must for the smart investor to inspect.
