\$430,000

Raine & Horne Gladstone are delighted to introduce 6 Kroombit Terrace to the current Gladstone Property Market and would recommend anyone looking for a home with plenty of internal storage options and a massive main bedroom to make sure they view this home as a matter of urgency..!This modern home is positioned nicely on the block to capture the views and breezes over Vantage Estate and is located close to parklands offering walking tracks, children's playground and sitting areas. The home offers high ceilings throughout, wide hallways and has a neutral colour scheme which is very inviting because you can add your own colour palet with artwork, rugs, furniture and other accessories to suit your own personal tastes.The kitchen has an Island bench with an electric cooktop and oven, double sink, dishwasher, pantry and an open plan design. The living & dining areas are tiled with additional air-conditioning and there are glass sliding doors leading out to the undercover private patio, fenced backyard and views which overlook the estate. If you have a Supa-King Size Bed or a large 4 Post Bed, the main bedroom will impress you greatly - as it is massive. The main bedroom is also carpeted, air-conditioned and offers a walk-in robe and ensuite. The other 3 bedrooms are also carpeted with fans and they all have built-in robes and good size rooms, and some other features are the wide hallways, security screens throughout, double lock-up garage with additional storage and it's a solid low-set brick rendered home. The parkland is located at the bottom of the street which is perfect if you have a young family and an ideal position if you enjoy taking casual afternoon strolls Close to the Kirkwood Shopping Centre which has a Woolworths, Chemist, Doctors, News-agency, take-away food outlets, bottle shop and other novelty shops. This is a lovely home is in a prime location and very well priced, so contact the Marketing Agent - Steven James on 0439 111 197 to arrange for an inspection at your earliest convenience!
