$651,000

Set on a spacious 719m2 allotment, this family sized home ticks all the boxes for lifestyle living, with 5 bedrooms, multiple living areas, in-ground pool AND workshop close to schools and shopping.Recently painted and offering a range of modern touches throughout, this home is perfectly suited to larger families, hosting guests or working from home, with 5 air-conditioned bedrooms, 2 bathrooms (including ensuite to master) and multiple living and entertaining areas to keep everyone together (or apart) as needed. The kitchen is modern, centrally located and features everything you could want - large pantry, stone benchtops, soft close cabinetry, sleek appliances (induction stove & steam oven), double drawer dishwasher, plumbed fridge space, there is even an integrated bin in the bench!Upgraded with LED lighting, sleek fans and fresh carpet to bedrooms, everything feels just right - nothing to do but move in and enjoy.Outside, the double garage has been extended to a massive undercover patio providing a wealth of choices - either even MORE room to entertain, or space for up to 6 vehicles between the garage and extra parking pad via side gate. Gardens are neat and low maintenance, and the pool is perfectly positioned to make it easy to keep an eye on kids while relaxing on the patio.The powered shed offers remote control roller door access, solid construction and plenty of space, though its position is more suited to workshop use than vehicle storage. It's rare to find a true 5 bedroom home on a single level, let alone one ready to move in with nothing to do, and the level of features on offer here. Whether looking for your next home or investing in your future, don't wait on this one - call Tom Quaid at Quaid Real Estate to make 6 McPhail Street yours.
